ICT TODAY

THE OFFICIAL TRADE JOURNAL OF BICSI

Digital & Print Publication

Technical in nature, *ICT Today* delivers on BICSI's mission to provide relevant, vendor-neutral, and authoritative information to ICT professionals.

ICT Today is emailed to all BICSI members and credential holders quarterly.

In addition, hard copies are available at all BICSI conferences in the United States and Canada, allowing attendees, exhibitors, and visitors to take home and share this valuable BICSI benefit.

ICT Today features expanded coverage of relevant industry topics related to intelligent buildings; data centers; network cabling infrastructure design and deployment; voice, data, electronic safety and security (ESS) systems; audio and video; project management; health care; and the latest IP-based applications and technologies. Articles share an educational and best-practice focus.

THE GLOBAL LEADER IN ICT EDUCATION, CERTIFICATION, AND STANDARDS

BICSI Is a Professional Association Supporting the ICT Profession.

ICT covers the spectrum of voice, data, electronic safety & security, project management, and audio & video technologies. It encompasses the design, integration project management, and installation of pathways, spaces, optical fiber- and copper-based distribution systems, wireless-based systems, and infrastructure that supports the transportation of information and associated signaling between and among communications and information-gathering devices.

BICSI provides information, education, and knowledge assessment for ICT professionals and companies, including designers, installers, and technicians. We currently serve more than 26,000 members and credential holders, spanning nearly 100 countries.
